Smaller Papers Best Ad Medium-Babson Insists

More thoroughly read than big city sheets, says the noted economist: Chicago—small newspapers are more thoroughly read than large metropolitan dailies and are therefore more valuable as advertising media, the opinion of Roger W. Babson, noted economist.

In a recent discussion of American business trends, Babson predicted: More emphasis on advertising in small newspapers and less on metropolitan mass-circulation dailies.

Increased social and economic importance for small papers. Federally aided decentralization of population, and the consequent building up of small interior communities.

On the subject of national advertising, Babson said there is a tendency among advertising agencies to "talk too much about the circulation of the newspapers in which they place their advertising."

"Of course, it is very much easier for an agency to bill each month one large city newspaper than to bill 300 small papers to get a given circulation."

"I insist, however, that this is unfair to the advertisers who are employing the agencies. Twenty small city papers may be worth to an advertiser far more than one large city paper with the same circulation."

Babson said it is better for an advertiser to distribute his products over a large number of cities than to concentrate on any one city.

"Also, the small papers are read more thoroughly. The average large city newspaper has so many pages that the reader goes through them hurriedly, and does not give sufficient consideration to the advertisements."

Advertising agencies and newspapers have performed wonderful feats, but they have not increased by one small second the available time each day which readers have. Statistics show that the reader of small city papers has more time and gives more consideration to the advertisements."

"I will not say that weekly papers are seven times as valuable as daily papers or that the same circulation, but surely they have some advantages. No one reads a daily paper the day after it is issued, but the weeklies are read during seven days."

"Small town papers will become more and more important. Many large cities have reached a maximum in population. Whether or not there is a World War III, the federal government must prepare for it by encouraging decentralization and the building up of small interior communities."

"One of the best investments to-day should be a small town daily, or weekly paper in a self-contained agricultural community."

On the general subject of advertising and taxes, Babson said that one of the best ways of avoiding a "boom or bust" policy would be for the federal government to allow special tax reductions on five-year contracts for advertising expenditures. This, he said, would enable large manufacturers to extend healthy advertising appropriations over both high and lean years, instead of spending surplus on advertising only during years of heavy profit.

Midget Hockey News

WAINWRIGHT MIDGETS (A) VS IRMA PEE-WEES
Wainwright Midgets went to Irma last Friday after school in the school van, Mr. Pollock and Mr. Wilson taking turns at the wheel.

A good game was reported with the Midgets playing a fine game, but missed two of their best players, Colin Cyster and Walter McNelly. Irma had most of the play.

The Midgets missed several good shots but luck was against them. The result of the game was Irma Pee-Wees 3, Wainwright Midgets (A) 1.

After the game the Wainwright Captain, Jim Madson, presented the Irma captain with the school league plaque.

The scores for the game were made by Frickleton from Hockett, M. Lovig from R. Lovig, Hockett from Mason for Irma. The goal for Wainwright was scored by McKenzie on a break away.

The coach, manager and all members of the team wish to thank Mr. Cromie for the very fine plaque which he made for them. The plaque in the shape of a shield was a fine piece of workmanship in two shades of wood with the words in overlaid scroll. (Midget Hockey 1947). Thanks again to Mr. Cromie.

Councillor Wallace Appointed Town Representative To Hospital Meeting

This is the official record of the proceedings of Council of the Town of Wainwright at its regular meeting held in the council chamber on Tuesday, March 18th, 1947, commencing at 8 o'clock p.m.

Members of Council present at this meeting were Mayor Robinson and Councillors Coleman, Tory, Cork, Stafford, Wallace and Armistead.

The recorded proceedings of Council at their regular meeting of March 4th, were read, and on motion of Councillor Armistead were confirmed as written.

On motion of Councillor Armistead that Council recommend to the Department of Trade & Industry, that a license be granted Mr. H. J. Latch, to conduct a Dry Cleaning Business on Lot 7 in Block 5, Plan 6445-V, in the Town of Wainwright.

On motion of Councillor Wallace, that a delegate be appointed from the Town of Wainwright to interview the Board of Public Utility Commissioners in Edmonton, together with a delegate from the Municipal District of Wainwright, No. 61, and from the Board of the Wainwright Municipal Hospital District No. 17, relative to the proposed thirty bed addition to the Hospital, at a time arranged by the Hospital Board Representative.

On motion of Councillor Stafford, that letter from the Chief Municipal Inspector, bearing date of March 7th, relative to procedure of cancellation of Blocks 1 to 26, Plan 6978AA into acreage, be received, and that Council refrain from taking any further action in this matter at this time.

Mun. Roads Banned To Heavy Traffic

The announcement was made last Saturday from the M.D. office that all truck traffic and tractor traffic would be banned from the municipal roads.

The decision was taken to tie in with the Provincial order banning all heavy traffic from main and secondary highways within the province. It was pointed out by Reeve Sutherland the action of banning heavy traffic from all roads was the only possible way of saving the roads and preventing irreparable damage being done.

He pointed out that if the rural residents would take the trouble to open culverts and ditches along their property it would mean a quicker runoff of the surplus water, which would hasten the drying of the roads so that normal traffic could be operating soon.

The Reeve stated that the roads belonged to the public and if a little voluntary effort were used now it would save the taxpayers considerable money during the summer in the repairing and maintaining of roads.

It is hoped by the members of the council that road repairs could be minimized this year if there is co-operation between the M.D. and the farmers. The M.D. graders and work crews are itching to get started on the 1947 work and heavy snow conditions everything will be in readiness by the time the weather permits construction and road work.

Reeve Sutherland expressed his admiration of the grader operators who have done such a marvelous job of snow-clearing and ploughing during the winter months. He stated that if it had not been for the splendid work of the snow ploughs there would have certainly been more snow on the roads now with the consequence of more mud and water to contend with.

ANNOUNCEMENT

Mr. and Mrs. John Chorney of Vegreville wish to announce the engagement of their youngest daughter Stella to Wallace H. Murray, son of Mr. and Mrs. H. Murray of Edmonton.

IN MEMORIAM

In loving memory of our son and brother Clarence (Spud) Coffield who was killed on active service with the R.C.A.F. March 26th, 1946. Sweet memories will linger forever. Time cannot change them, its true tears that may come cannot sever our loving remembrance of you.

Ever remembered by
MOTHER and DAD
SISTERS and BROTHERS

Dr. J. Bradley New Curling Club President

A very enthusiastic and successful membership meeting was held in the curling rink on Thursday, March 20th with 20 members present. President Rattray presiding.

The executive reported a very successful year pointing with pride to the kitchen that was constructed last year and still showed an increase in funds on hand.

New officers were elected which resulted in Dr. J. B. Bradley being unanimously chosen as new president. H. E. Buckle is new vice-president and H. A. Koch secretary.

When Dr. Bradley took the chair discussion immediately centred around the possibilities of adding another sheet of ice for next year. The result was that it was decided to go ahead with the idea of adding a new sheet to the south side and Ivan Mitchell was chosen chairman of the building committee and was given full power to go ahead and also to conscript the assistance of any or all members when required. Indications are that next year will see Wainwright's biggest curling year.

A bonspiel committee was also selected with Ed Turner as chairman to make plans far in advance to insure a successfulspiel.

Much appreciation was expressed for the assistance and enthusiasm shown by the Ladies Club and this was also responsible for the plans as outlined.

A hearty vote of thanks was extended to the outgoing executive for their untiring and fruitful efforts during the year.

Another Bull Sale At Lloyd This Year

On May 27th, the 26th Annual Lloydminster Bull Sale will be held. This event receives entries from both Alberta and Saskatchewan. It is truly an Inter-Provincial Sale. A District Bull Show and Sale is held the day previous to this Sale. Calf Clubs from both sides of the provincial boundary participate. Inter-Club competitions are held and the calves are sold by auction after the judging.

Last year 120 bulls, 7 females, and 130 calves were sold at these sales. The Lloydminster Exhibition Association sponsors these two events. Entries to the Bull Sale close April 19th 1947.

R. Ganderton, Draw Committee—Mrs. J. Bradley and Mrs. J. Davison; and Kitchen Committee—Mesdames D. Dundas, F. Stevenson and L. Dahl.

It was decided to co-operate with the Men's Curling Club in enlarging the rink and render such financial assistance as was deemed plausible by the meeting.

At the close of the meeting a delicious lunch was served by the hostesses Mrs. Bradley assisted by Mrs. D. Bond, Mrs. E. Lane and Mrs. J. D. Wallace.

April 26th Set For Voting Day For New Hospital Addition

At a special meeting of the Wainwright Hospital Board held on Friday afternoon last, plans were completed regarding the voting day for the ratification of the hospital area which will have the chance to accept or reject the new 30 bed hospital addition as it is contemplated.

Mr. Charles Wilbraham, M.D., Secretary-Treasurer, was appointed returning officer of the hospital vote and he reports that everything will be well in hand by the time that the vote is to be taken.

Mr. Wilbraham, in an interview with the Star, reports that there will be 20 polls set up in the hospital area, with two polls in the Town of Wainwright. It was thought by the returning officer that there would be a poll established in Wainwright for the convenience of the rural voters who should happen to be in town on the all-important day.

That day has been set for Saturday, April 26th, with polling booths open from 10:00 a.m. until 8:00 p.m.

Wainwright To Have Spring Fashion Show

With the fine weather comes thoughts of Spring clothes, and with Spring also comes re-commencing of work to raise funds for the Peace Memorial. With these two ideas in view the New Canadian Club in co-operation with the Fashion Shop are sponsoring a Spring Fashion Show and Tea.

This will be held in the Separate School Auditorium on Friday, March 28th. There will be two shows, one at 3:30 with lunch served at this time, the Fashion Parade to follow at 4:30. Another show will be held in the evening at 8:30. Lunch will be served following the Fashion Parade.

It is hoped that the citizens will respond to this effort and help increase the Peace Memorial Fund to the extent that work may soon be commenced on the building.

Plan 4 Schools To Train Nurses

Four new nurses training schools will be established in the province. Hon. Dr. W. W. Cross, minister of health, revealed in the legislature Thursday during discussion of a bill to amend the Registered Nurses act.

Dr. Cross said a survey was being conducted to determine at what points the schools would be set up. The amendments to the act would allow a girl with a grade eleven standing to obtain a Registered Nurse degree.

During debate on the amendments, Dr. Cross denied a statement by Elmer E. Hoper, C.C.P., Edmonton, that nurses in the province were more poorly paid than those in other provinces. Alberta, Dr. Cross said, is second only to B.C.

Local Golf Club To Re-organize

With the coming of Spring every "chaser of the elusive putt" golfer, those who are not up on the game, feels the urge to get out and shake the old club. This year is no exception and the Wainwright Golf Club is in to take a new lease on life and re-organize for the coming season.

Everyone's attention is drawn to an advertisement in this issue of the Star, stating that there is to be an organizational meeting to be held on Monday, March 31st. At the time of writing it was not learned just where the meeting will take place, but it will be announced in the advertisement.

It is expected that a new schedule of fees will be drawn up this year with the view in mind of offering family tickets at a great reduction in price.

Those interested in the game would be well advised to mark the date down on the calendar and attend a good golf course and club would as one former member pointed out, be a decided asset to Wainwright. Many times over the travelling public like to relax with a round of golf before journeying further. It would be a very handy thing to Wainwright if they relaxed here.

T. Lissimore Elected Pres. of Co-operative

The new board of the Wainwright and District Co-operative Association Ltd. held a short special meeting immediately after the annual meeting March 19. Plans were made for the coming year and Mr. T. Lissimore was elected president of the Association.

The following are the directors for the one and two year periods: President—T. Lissimore, Wainwright one year.

Vice-president—George Tindall, Fabryan, two years.

Secretary—Jack Perkins, Wainwright, two years.

H. A. Ruete, Wainwright, two years.

N. G. Valieu, Wainwright, two years.

E. Patterson, Greenhalgh, two years.

P. T. Smale, Heath, one year.

F. M. Ford, Heath, one year.

J. Veltch, Wainwright, one year.

Directors meetings will be held once a month on the second Tuesday of the month at 8:00 o'clock in the store.

CARD OF THANKS

I wish to take this opportunity to thank my nominators and all others who supported me during the recent election in Wainwright M.D. 61 Division 6.

I will endeavor to serve you as Councillor to the best of my ability.

E. N. ARTHUR

Elite Theatre Sponsor Show To Aid Red Cross

You will spend an enjoyable evening and "do your bit" at the same time by attending the Elite Theatre show on Wednesday, March 26th and seeing "The Thrill of Brazil" a musical comedy starring Evelyn Keyes and Keenan Wynn.

One half the proceeds from the show will be donated to the Red Cross. Showing one night only.

IN MEMORIAM

In loving memory of our brother (Spud) Clarence Leonard Coffield who died on active service March 26, 1945.

From those we've loved so dearly We can never be apart. For all we've shared together Lives forever in our hearts.

With this dear thought to comfort May our heartache fade away And smiling through our sorrow May we bravely meet each day.

Lovingly remembered by
DORIS and WOODSIE

Wainwright took on a Venice like appearance last week when a sudden spring thaw turned every low lying spot into a pool of water. The Star photographer did some scouting and with camera in hand found conditions in Wainwright somewhat as pictured above. It must be remembered Wainwright was no worse off than any other town in these parts, what with the heavy snowfall of the winter season, the melting snow just didn't have time to run off when the very sudden warm weather came. The pictures are as follows: Top left, Sixth Avenue looking west from King Street to Main Street; Bottom left, a portion of Eighth Avenue looking east to Main Street; Top right, Queen Street looking north from Fourth Avenue; Centre right; the area between Sixth Avenue and Fourth Avenue between Queen and Main Street. Note the black line across the centre, this is Fifth Avenue; Bottom right, the low lying land along Main Street opposite the Separate School.

WHITE CLOUD

Misses Louise and Margo Tondra spent the week-end at home.

The play put on by the young people "Improper Henry Popper" on Friday at the Park was enjoyed by a large audience.

Mr. and Mrs. L. Henson have a baby boy born March 26th in an Edmonton hospital.

Mrs. B. Myer and Bob visited several days with Mr. and Mrs. P. Wilhelm in Gilt Edge.

Miss Helen Vegas is helping Mrs. Elwood Plaxton and Mrs. M. Plaxton.

The Ladies held their March meeting at Mrs. H. Tondra's with twelve members and three visitors present.

The roads were bad but that didn't

stop them.

Mr. Ken Tester visited Bonnie and Lester Babb on Sunday.

Mr. Henry Lavergne returned home last Friday after an extensive stay visiting relatives and friends in the East.

Mr. and Mrs. Jack Reid and family of Wainwright were guests at the home of Mr. and Mrs. Verna Treffry on Sunday and enjoyed a turkey dinner.

BOOKS ADDED TO THE LIBRARY

Bellmann—"King's Row"

Wellman—"Walls of Jerico"

Kraig—"Lower Than the Angels"

Brooks—"Brick Foxholes"

Feltham—"Light Down Stranger"

Regstrand—"Julio Morrow"

EDGERTON

The free tickets to the picture show donated by Mr. Motors were won by F. C. McElride, Gene Tramer, S. McElride and W. R. Challenger.

The ball box is in the Red and White Store this week.

Mr. and Mrs. Cal Archer were visitors in the city for a few days.

A travelling studio from Calgary did quite a lot of business Monday and Tuesday in town. Besides a lot of private work they took a number of pictures in the schools.

The usual St. Patrick's dance was held in the Memorial Hall on the 17th.

Harry Alderidge of Edmonton was here two days bringing the assessment up to date.

The United Church W.A. staged a variety program here Thursday. The hall was packed and many had to stand.

LAC Lorne Ramsey of the RCAF in Edmonton was visiting at the home of his brother Fred.

Mr. Rider, Sr. was taken to the Wainwright hospital Friday evening for medical aid. He suffered a bad cut on the knee with an axe.

Mrs. W. Reynolds of Wainwright is visiting her daughter Mrs. Jimmy Redmond.

Don't forget the meeting in the Memorial Hall Thursday evening at 8 p.m. to discuss the hospital situation.

We are pleased to announce the resident Anglican Rector, and his family will be arriving soon after Easter.

The regular meeting of the Legion will be held in the Hall immediately after the general meeting Thursday night.

You are reminded of the Three Act Comedy being sponsored by the Ladies Auxiliary of the Canadian Legion on April 2nd in the Memorial Hall. The title is "Safety First" and the cast is: Mabel Montgomery—Belle Wilson; Mary Ann O'Flaherty (Irish cook)—Jean Spornitz; Elmer Flannell (Zuleika's father)—Bud Spornitz.

Virginia Bridger (Mabel's sister)—Betty Strayer; Abos Ben Mocha (Zuleika's father)—Gene Tramer; Mrs. Barrington Bridger (Mabel's mother)—Bunice Sawyer; Jerry Arnold (Virginia's fiancé)—Harvey McCormick; Jack Montgomery (Mabel's husband)—Morris Kimball; Zuleika (a Turkish fortune teller)—Aetha Sawyer; (a detective)—Jack Geddes.

Directed by Mrs. A. Wilson.

The Edgerton and District Savings and Credit Union held their annual meeting in the Memorial Hall Thursday when Mr. Gould of Edmonton addressed the meeting. H. E. Spencer was elected president; Mrs. Cora Burnett, secretary and Mrs. Roy Evans, treasurer.

GILT EDGE

Little Misses Patricia and Adeline Kitchen spent last Saturday at the home of Mr. and Mrs. Bert Laird in town.

Mr. and Mrs. Lorne McClellon, Mr. and Mrs. Frank McClellon and Mr. Jack McClellon drove over from Lloydminster on Friday to spend the week-end with their relatives and families, returning on Monday.

Mr. and Mrs. Jack Spady were Sunday visitors at the home of Mr. and Mrs. Pete Spady.

A great deal of sickness has been prevalent in the district during the past week, fortunately the weather has been very mild.

Mrs. Elwood Plaxton with baby daughter, Dianne Yvonne, returned home from the hospital on Tuesday last week.

The Young People's Club of Gilt Edge presented the play "The Improper Henry Popper" on Friday night in the Park Hall to a large audience who enjoyed it very much.

Sympathies of the district are extended to Mrs. Harold Higgins (nee Ethel Harris) at New Westminster who on Sunday, March 23rd, was bereaved of her husband who died suddenly.

Mr. and Mrs. Dave McClellon were visitors on Tuesday to the home of Mr. and Mrs. Elwood Plaxton.

Word was received on Monday from Messrs Jack Peacock and Tom Sheridan that they had arrived safely in Grimshaw from Great Slave Lake and hoped to be able to finish the return journey with their truck.

GEO. JACKSON A. JORDE

SHEEPSKIN FLATS

Miss Sharon Myer spent the week-end with her parents.

Mr. Arden Hamilton was back in the district again last week, but this time he is April for the Crowsy goods.

Mr. P. Rasmussen was in Calgary last week on business.

The Women's Welfare Club held their monthly meeting on Thursday last at the home of Mrs. Henry Tondra.

We are sorry to hear Miss Georgina Gardiner is ill in the hospital and hope she will soon be well and about again.

PELICAN

(too late for last week)

Many have been under the weather in this district this week, the 'flu being to blame.

Mrs. Bill Cornfield has returned home from an extended visit to the United States and Eastern Canada.

On Friday most of the UFWA ladies met at the home of Mrs. Ole Haugen for a quilting bee. A large wool quilt was completed for the sale coming up.

Mrs. S. Greibach was unable to quilt, but we really appreciated her serving a delicious dinner, and coffee and lunch when we were through.

On Tuesday, March 26, the National Film Board show was given at Pelican, starting at 8:00 o'clock. Special features were "Don't be a Sucker" and "Forever Searching".

Miss Edith Reinhardt has extended her visit at M. Bell's lending a helping hand while they have the 'flu there.

June Gosselin underwent an operation for appendicitis and it is reported she is doing as well as can be expected.

Stan Valieu emptied the Pool annex last week.

According to Charlie Stewart the coyotes are getting to be quite a nuisance as he reports they killed one of his new born calves last week.

Peggy Fowen was a Friday night visitor at the Pattersons.

June Hutchinson spent the week-end with relatives in Wainwright.

Mr. Walter Jackson was an Edmonton visitor last week.

Mr. J. Hughes has recently installed a new refrigerator in his store.

Last week Mrs. H. Herbert celebrated her birthday by entertaining a number of her friends at an afternoon tea.

this spring, Mrs. Woodbridge and Mrs. Taylor were appointed convenors for the lunch. The secretary was instructed to extend an invitation to any women in the Policy District who cared to join the Local.

After the meeting the hostess served lunch. The April meeting will be held at the home of Mrs. Jimmie Armstrong.

My wife, Rita Nowlsky, having left my bed and board I will no longer be held responsible for any debts incurred by her.

McCafferty U.F.W.A.

The March meeting of McCafferty UFWA was held in the Hall. There were eight members present.

The meeting was opened by the singing of "My Wild Irish Rose". After reading a letter about Farm Young People's Week it was decided to wait until more members were present before making plans about sending a delegate.

Mrs. Spencer was asked to write letters of condolence to Mrs. Ed. McNeil and Mrs. M. E. Lowe, also a letter to the M.L.A. stating the Local's views on the present system of education.

Plans were made to hold a whist drive and dance on March 12th. The roll call was answered by the "suggestions for a new kitchen." The hostesses were Mrs. Connolly, Mrs. Spencer and Mrs. Nichols. The next meeting will be held in the Hall on April 8th.

HEATH

Elizabeth Hughes who has been helping in the store has returned to her home at Provost.

Mr. Hartley left last week to visit with his son in Calgary.

Frances Patterson, a music pupil of Miss Bourchier's, was successful in passing her Theory II examination written recently.

Mrs. F. M. Ford spent a few days last week in Edmonton visiting with her daughter.

Another old land mark the Lumby house recently vacated by Morton Herbert has been moved by Martin Gosselin to his farm in the Green-shields district.

Mr. J. Hughes has recently installed a new refrigerator in his store.

Last week Mrs. H. Herbert celebrated her birthday by entertaining a number of her friends at an afternoon tea.

WE NEED IT, LET'S BUILD IT

"We Need It, Let's Build It" was the slogan nearly two years ago when the Peace Memorial idea was first thought of. By this time the slogan is becoming rather threadbare and today the general public is becoming impatient.

This column is taking the initiative and in plain simple language is asking the powers that be "just what is the delay?" Certainly if something is to be done this year a start in the very near future is required. Let us not have another winter without proper facilities to play hockey or skate.

The members and the executive of the P.M.C. have stated on different occasions that they are all in readiness to proceed with the building, with the exception of the sight. The one big stick seems to be the grant to be forthcoming from the Town of Wainwright.

Actually as we see it, the sight should have very little to delay the wonderful project, but if it has the earmarks of the important question the P.M.C. committee should decide immediately just where the building is to be erected. As the ownership of the building is to be vested in the town it might be advisable to take the mayor and council into confidence at the time this is done. There are several sites that have been suggested as the ideal location, one of them is next to the Town Hall. This has the advantage of being fairly central and this is important if rest room facilities are to be provided either now or at a later date.

The plans and the estimated cost of labor and materials has been secured by the committee. True the estimated cost has been greater than originally estimated, but there should be little trouble raising more funds after a start is made on the project. Once the general public sees that a start is being made and their previous contributions are being utilized, we feel sure that the same general public will rally to the cause and another canvass for funds will meet with splendid results.

It is not that we are impatient that we are forthwith asking for an answer, rather our curiosity has got the better of us. If anything is to be done in this regard this year time is quickly slipping by and an early start should be made. There is plenty of time one might say, but there happens to be plenty of work ahead before the actual construction begins. There has to be a vote by the ratepayers to authorize the spending of this money from the Town's funds. This alone will take a good deal of time. After this money is passed and approved by the public the time taken in letting the contracts and leveling the ground will take another two or three weeks. If one can visualize, one sees that it is not just a plain matter of throwing up a structure. A building of this size entails quite a bit of work in the actual construction. Trusses have to be built, cement has to be poured and hardened, labor has to be obtained.

We have outlined a few of the setbacks up to the present day. There may be more that we are not aware of, but in all fairness to the people that have worked hard to further this much needed arena, and the people that have contributed to the general fund a statement should be made as to why the delay.

The 64 dollar question is when, where and how soon can we expect the P.M.C. to become a reality instead of the much talked about recreational centre which it now is. Interest is now waning and to let it slip altogether would have disastrous consequences.

BEWARE LAND BOOMS

(Contributed)

We came across a very seasonal and timely piece of advice the other day and are placing it before our readers at this time. Wainwright and district surrounding is primarily an agriculture district and with the trend toward larger and more mechanized farming we thought that this advice might steer someone straight.

Many persons, especially those in the prairie provinces, are becoming acutely concerned over the possibility of a boom in farmlands and in lands that are obviously not farms but are sold as such. The bitter experience after World War I should teach us that we ought to do our level best to avoid a boom wherein land values are inflated far beyond their true value.

After the other war, there were skyrocketing prices for farm lands, over-expansion by buying by people who never had farmed. Soaring wheat prices encouraged farmers to rip grass and root binders out of what properly was only pasture and grow it to wheat. A few short years and farm prices started to skid, eventually reaching bottom only shortly before the late war started.

There are some things we can do. If you are a farmer, you are hardly likely to be taken in by some one who is marketing any kind of land just so long as it is land. But you would also be wise to be cautious about enlarging your present holding especially if you have to go heavily into debt to do so.

If you are not a farmer, there is expert and disinterested advice to follow in whether or not the land is as represented and whether the price is reasonable. Just for the sake of owning some land, don't buy blind.

This incipient land boom can be stopped dead in its tracks if we all co-operate for it could bust us just as surely as the one after the last war did.

Hints for the Household

Cabbage With Sausage

8 cups shredded cabbage
(1 medium cabbage)
1 teaspoon salt
1 cup boiling water
1 pound sausage
1/2 teaspoon caraway seeds
1 cup boiling water
Cook cabbage with salt in 1 cup boiling water, 5 minutes. Brown sausage in frying pan. Place in a casserole, cover with cooked cabbage. Pour off all but two tablespoons of fat from the frying pan. Add 1 cup boiling water to the pan and bring to boil. Pour over cabbage and sprinkle with caraway seeds. Bake, uncovered, in a hot oven, 425°F., for 10 minutes. Six servings.

NOTE: Weiners may be substituted for sausage.

Corn, Tomato Casserole

2 tablespoons fat
1/2 cup finely chopped onion
1 cup ground left-over cooked meat
1/2 teaspoon salt
5 tablespoons flour
2 cups canned tomatoes
2 cups whole kernel corn
1 teaspoon brown sugar
1/2 teaspoon curry powder
OR a few grains of cayenne
1 teaspoon salt
1/2 teaspoon paprika
1/2 teaspoon Worcestershire sauce (optional)

Melt fat, add onion and cook until tender. Add meat and brown. Add flour blend thoroughly. Add tomatoes and corn. Continue cooking, stirring constantly until thickened. Add sugar, curry powder, salt, paprika and Worcestershire sauce. Turn into a large greased casserole or baking dish and top with baking powder biscuits. Bake in a hot oven 425°F. for 25-30 minutes. Six servings.

VARIETY FOR LENTEN MEALS

Every homemaker treasures her recipes for meatless dishes, which may be served with equal satisfaction either as the main course for dinner or as a luncheon or supper dish. These recipes are welcomed the year around, but particularly so during the Lenten season.

When cooked with imagination such foods as milk, eggs, cheese, beans and lentils create hearty main dishes, long on flavour, high in food value and thrifty in materials. They never need be dull and uninteresting. Milk, eggs and cheese are high-grade protein foods, which should be used generously in substantial soups, sauces, souffles and casserole dishes. Combine these foods preferably with those of a starchy nature such as bread, macaroni, noodles or potatoes. Beans also are hard to beat as a satisfying main dish.

Your best chili sauce, catsup, sweet chopped relishes or snappy mustard pickle will give that pick-me-up to

rather bland dishes such as scrambled eggs and plain omelet. Serve macaroni and cheese, soufs, etc., with a crisp, tossed salad to give that needed contrast in texture.

The home economist, Consumer Section, Dominion Department of Agriculture offer these praiseworthy recipes rich in flavour and packed with nourishment.

EGG CROQUETTES

3 tablespoons fat
1/2 cup minced onion
1/2 cup flour
1 cup milk
1 cup grated cheese
1/2 cup fine, dry bread crumbs
1/2 teaspoon salt
1/2 teaspoon dry mustard
2 tablespoons horseradish
1 tablespoon chili sauce or catsup
1/2 teaspoon powdered thyme
5 hard-cooked eggs, chopped

Melt fat, add onion and cook 5 minutes. Add flour and blend well. Add milk and cook, stirring constantly, until mixture thickens. Continue to cook 5 minutes. Add grated cheese, dry bread crumbs and seasonings. Stir until cheese is melted. Add chopped hard-cooked eggs and mix well. Chill thoroughly. Shape into patties or croquettes and roll in dry bread crumbs. Sauté until brown on both sides. Serve with a Tomato Sauce. Six servings.

CHEESE DUMPLINGS IN TOMATO SAUCE

2 cups all-purpose flour OR
3/4 cup pastry flour
3 teaspoons baking powder
1 teaspoon salt
1/2 teaspoon dry mustard
3 tablespoons shortening
1 cup grated cheese
1 tablespoon grated onion
1 cup milk
1 can condensed tomato soup
1 cup water

Sift together the dry ingredients. Cut in fat with pastry blender, until mixture is like fine crumbs. Add grated cheese. Combine grated onion and milk. Blend with dry ingredients. Dilute tomato soup with water and bring to the boiling point. Drop

dumplings into hot soup, cover closely and cook 15 minutes. Do not remove cover during cooking period. Six servings.

GOLDEN BEANS

2 cups dried beans—lima or navy
4 cups water
3 tablespoons fat
1/2 cup chopped onion
2 cups chopped apple
1/2 teaspoon turmeric
1/2 teaspoon allspice
1/2 teaspoon pepper
1 teaspoon salt

Soak beans in water overnight. Cook in fresh, unsalted water to cover, until tender. Drain, saving liquid. Melt fat, add onion and brown. Add apple and seasonings and cook covered for 5 minutes, without stirring. Add beans and 1/2 cup liquid saved from beans. Simmer 10 minutes. If too dry add a little more water. Six servings.

Alberta Will Pay Higher Gasoline Tax

An additional two cents per gallon will be added to the Alberta gasoline tax on April 1, according to the provincial budget brought down in the legislature on March 7. It is estimated to yield an additional \$1,300,000 which will be expended entirely on highways.

This means that while the Dominion will drop its three cents tax on April 1, the province is picking up two cents of it. This year Alberta motorists will pay a total provincial tax of nine cents a gallon, instead of 10 cents in provincial and dominion taxes. The federal tax was imposed during the war years as a war measure.

Officials of the Alberta Motor Association have stated that they regretted that the two cent additional tax was being imposed in view of the favorable terms of the dominion-provincial tax transfer agreement.

However, they say that if the province has adopted as a permanent policy the spending of at least 10 motor revenues on highways, which the A.M.A. has advocated for many years, few people will be disposed to question the province's action in imposing an additional provincial tax on gasoline.

We Now Have The Following Building Materials Available In Good Quantities

Standard Shiplap and Boards
1/2 inch Resawn Shiplap 6 to 12 inches all lengths.
2x4, 2x6, 2x8, 2x10, and 2x12 of good quality and in most lengths

The following in limited quantities:
Insul Brick Siding, Composition and Cedar Shingles
Rook Wool, Building Papers, Veneer and Masonite
Painters White Lead and Exterior Paints, Raw and Boiled Linseed Oil, Turpentine

We also have a quantity of used 2 1/2 x 6 1/2 - 1 & 3/8 standard five cross panel doors, with frames and hardware, these doors are painted and in very good condition.

Something OR Nothing

Remember the story of the monkey who tried to withdraw a fistful of nuts through the narrow neck of a jar? Because he wasn't content with getting one luscious nut at a time, he ended up by getting nothing instead of something.

That story is worth remembering today. Greedy grabbing of goods still in short supply can have the same result—nothing instead of something. Inflated prices, like the inflated paw of the monkey, can as surely prevent each of us from getting his fair share of available goods.

Canadians have had the wisdom to be content with a moderate "something," knowing that as production increases that "something" will grow larger and larger.

This is good sense, and is founded on the principle that MODERATION is the key to CONTINUED ENJOYMENT, a principle to which the House of Seagram has always subscribed.

FARMING NOTES

By Prov. Dept. of Agriculture

GOOD SEED PAYS

Many farmers think that registered and certified seed is something for the seed grower, and that ordinary grain is good enough for them. J. E. Birdsell, Supervisor of Crop Improvement, says that although production of good grain does require more care and attention than the average farmer can afford, every farmer who wants to maintain the purity and uniformity of his crops should buy registered or certified seed from time to time. Registered seed, like registered stock, has a pedigree behind it. This is the purchaser's guarantee of quality and purity.

A few bushels of pedigreed seed sown on clean land will soon provide seed for the entire farm. The price per bushel is higher than that of commercial grain, but cheap seed that may not be pure as to variety often proves more costly in the end. Money put into quality seed is one of the best investments a farmer can make.

To make registered and certified seed readily available to every farmer in the province, grain elevator agents are provided with order forms and price lists. They are always pleased to take an order. They know that every order means more good seed in their districts.

This arrangement for readily available seed is made possible by the Alberta Crop Improvement Association. Its membership includes representatives of the grain trade, the University of Alberta, Dominion and Provincial Departments of Agriculture, the Alberta Seed Growers' Cooperative and the Alberta Branch of the Canadian Seed Growers' Association. Working together, these organizations are providing Alberta farmers with valuable assistance towards improved quality of their grain crops.

WATER AND THE DAIRY HERD

Alberta dairymen were reminded at their annual convention in Calgary recently of the importance of a plentiful supply of good water. R. P. Dixon, Supervisor of Dairy Herd Improvement, told them that water is a requirement often overlooked, but its adequate use is one of the cheapest means of increasing production.

Mr. Dixon said that the amount of water consumed by dairy cows depends on their age, milk production kind and amount of feed, and on the temperature of the surrounding air.

The Aim Of The Alberta Educational Council

In view of recent criticism in the Legislature of the purpose of the Alberta Educational Council, it would be well to repeat that this organization has arisen in response to a province-wide belief that education, and particularly education in rural schools, is becoming progressively inefficient through a shortage of well trained teachers. The Council has no political purpose. It is difficult, of course, for any group or organization to urge vigorously change and reform in any social institution so basic as the school without those who are responsible for its administration "feeling" that they themselves are personally under attack. But a study of the constitution of the Alberta Educational Council will reassure citizens of the purely educational objectives of this Council. A glance over the list of the varied cooperating public organizations will make it clear that people of all political faiths and religious creeds are supporting this organization as it strives to secure a better deal for rural children. The Council recognizes that before the Legislature will aid elementary and secondary education to 60% of its cost, it will have to know that such a reform has the support and approval of a large percentage of the voting population. The activities of the Council in the press, over the radio, and on the public platform have been directed to the one purpose of informing the public as to the present situation in rural schools and of rallying citizens everywhere to support this much needed change in the methods of school financing in this province.

Can. Co. Conducts Weed Control Tests In Calgary

Discoveries made during the 1946 growing season indicated the urgent necessity for further experimental work to gain all possible knowledge of chemical weed control before embarking on the 1947 programme. To await the coming of warm weather in Western Canada to conduct these experiments would cause a year's delay before the practical application could be adapted to Western Canadian conditions. To avoid this loss of time a Canadian Grain Company, dispatched chemicals and spray rigs to the Sacramento Valley in California and conducted a series of tests in February.

These tests involved the use of several chemicals and the method of application with particular reference to the most desirable strength of the solution applied and the most effective means of applying with due regard to Western Canadian conditions. As a result of these experiments it is hoped that it will be possible to put into practice early in 1947 methods found most desirable in these early experiments. While final tests cannot be made for another month, early results indicate that equipment now in use can be adapted to the new and improved methods with only a modest expense.

As soon as final results are available they will be made known to all producers in order that the most efficient methods of weed eradication can be adopted in the 1947 programme. Predictions with respect to the final results would be unwise at this time, but it seems fairly certain that extremely satisfactory weed control can be obtained using a much smaller volume of water than has been recommended to date.

Can. Garden Service

Time to Start Planning

No matter what the weather is like outside, this is the time to start planning the garden. A few hours spent looking over seed catalogues, plotting out vegetable and flower plantings will ensure absolute success later on. In far too many cases seeds are bought and rushed in with little thought of what color the flowers will be later on, how high the plants, or what season the vegetables.

In special government bulletins on the subject, and in most Canadian seed catalogues, will be listed a lot of vital information for the gardener in addition to descriptions of the flowers and vegetables. Experienced gardeners would never think of planting vegetables, flowers or shrubs without some of this vital information. Without it even the best of them would be creating a jungle rather than something tidy, beautiful and most satisfactory. And a jungle, it should be pointed out, is something far different from an attractive garden. Few experts would advocate a formal garden with all the flowers in prim rows or squares, but neither do they suggest broadcasting seed in every direction, planting little flowers behind tall ones or putting clashing colors side by side. In the vegetable, too, they urge more room for big or tall things like corn, cucumbers and potatoes than for narrow growing lettuce, beets and carrots.

Vital Facts

Before one plants any seed or shrub he or she should have some idea how big that plant will be at maturity, when it will flower or be fit to eat, whether or not it is hardy, semi-hardy or tender, and in the case of flowers whether it will like shade or full sun. It is not necessary to memorize all such facts, because they are all listed in the catalogue. Generally speaking, all plants require at least half as much space between them as they are high at maturity. With big trees this means 30 to 40 feet, with carrots it means only about 2 inches. Again the proper depth to plant seeds is about three times the diameter. With tiny seeds like poppies, alyssum or turnips.

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. A. Cook of Irma at the Wainwright Municipal hospital on March 24th, a boy.
BORN—To Mr. and Mrs. C. Gundry, White at Wainwright at the Wainwright Municipal hospital on March 24th, a boy.
BORN—To Mr. and Mrs. J. H. Baker of Chaurin at the Wainwright Municipal hospital on March 24th, a girl.

BORN—To Mr. and Mrs. Peter Soule (nee Fern Leggett) of St. Boniface, Man., at the St. Boniface hospital on March 18th, a girl.

Miss Marie and Mr. Bob Williams left on Sunday morning's train for an extended holiday via Victoria to San Francisco and San Jose, Cal. where they will visit relatives.

Mr. Reil LaFrance left last week for Toronto where he will visit relatives and accompany his parents Mr. and Mrs. W. LaFrance and sister Mrs. W. Johnson home.

Mrs. J. Paul of Saskatoon is visiting with her daughter Mrs. D. Krull in town.

Mr. McIntosh of the Alberta Government Telephone, Traffic Department, spent a few days in town last week making inquiries and checking on the service in general.

Mr. P. Small and Mr. F. Madden went to Edmonton on Monday as local representatives to the Agricultural Service Board conference being held there Wednesday and Thursday, March 25th and 26th.

We are pleased to see Miss Elsie Haywood around again after her recent illness and operation.

Mr. and Mrs. W. T. Lane were week-end visitors to the city to visit their daughters.

We understand Dr. H. C. Wallace is a patient at the local hospital and extend best wishes for a speedy recovery.

Mrs. Gordon Hunsford returned home to Edmonton on Saturday after a two-week's visit in town.

Guests at the home of Mr. and Mrs. D. Krull this week are Mrs. Gerald Krull and Miss Ruth Krull who are visiting from Edmonton.

REV. H. ROSENKE, Pastor

March 26-27—"The Thrill of Brazil"
March 28-29—"Courage of Lassie" color
March 31 & April 1—"Swamp Fire"

Mr. Wes Bacon of Fabry left on Friday morning to spend a few days in the city.

Rev. and Mrs. A. R. Hancock and family left on Tuesday of this week for Hawkesbury, Ont., where Rev. Hancock has accepted a call.

A meeting will be held in the Council Chamber in the Town Hall today (Wednesday) at 2:30 p.m. when a representative from the Great Life Insurance Co. will be present to explain the details of the National Housing Act. All those interested are invited to attend.

A five foot model yacht built to scale by Police Magistrate R. H. Philip of Vegreville has been loaned to the local sea cadet corp for their inspection.

Mrs. E. Nordstrom spent a few days in the city last week.

Mr. George McDonald spent the week-end in town returning Monday to Ryley where he is employed in the Treasury Branch.

In The Legislature

By W. Mason, M.L.A.
The past week witnessed the passing of the Estimates in the Budget, also the further reading of many Bills.

One Bill before the House provides that nurses with a Grade XI school standing may become members of the Registered Nurses' Association.

Another Bill provides that all adoptions of children must be done through the Child Welfare Commission. It also provides for closer inspection of the homes where adopted children are placed.

An amendment to the Public Service Vehicles Act provides that the Highway Traffic Board may grant a PSV license without holding a public hearing to consider the necessity of such a license being issued. They will still continue to hold sittings where it is deemed necessary to get more information regarding the necessity of a new license being issued.

During the war years, the Dominion Government charged a three cent tax on all gasoline, whether used for commercial or for agricultural purposes. This amounted to \$4,000,000 in the Province of Alberta last year. On April 1st, 1947, the Dominion Government is going to vacate this tax field. When the Dominion Government does so, the Provincial Government will keep in force two cents of the present three cents tax on gasoline, except agricultural gasoline. All of the Federal tax on agricultural gasoline will be dropped. This will give the Province the lowest Provincial gasoline tax of any province in Canada. The Provincial Government tax is expected to bring in a revenue of \$1,300,000. (It will not affect agricultural gasoline.)

A change in the Vehicles and Highway Traffic Act provides that in the case of two vehicles approaching or entering an intersection at approximately the same time, the vehicle on the left shall yield the right-of-way to the vehicle on the right. Another change deals with the case of the driver of a vehicle approaching an intersection, and provides that he shall yield the right-of-way to a vehicle in the intersection who is turning to the left across the line of travel of such a driver, if the driver of the vehicle turning left has given a plainly visible signal of his intention.

Another Bill provides for the free hospitalization of old age pensioners, blind pensioners, and recipients of mothers' allowance, and the dependents of these people.

A change in the Alberta Hall Insurance Act provides that an insured crop will be covered against hail loss while it is in the stock or the swath. The annual debt service charge of the Alberta Government, after 1947, will be fourteen per cent of our Provincial revenue. This is, of course, based on present revenues. When the present Government took office in 1935, the Province's annual debt service charge, for interest only, was fifty-one per cent of the provincial revenues.

CORRECTION

In last week's issue of the Star in the M.D. voting results there appeared the sentence that said there were nearly 600 names on the voters list. This was incorrect. It should have read that there were just over 400 in each division making close to 500 names on the voters list.

Elite Doing For The Month of March

March 26-27—"The Thrill of Brazil"
March 28-29—"Courage of Lassie" color
March 31 & April 1—"Swamp Fire"

At Last Spring Is Here

Last week the Star carried the report that spring was definitely on its way, with the snow melting and old Sol shining brightly on the countryside. During the past week, that statement was a bit misleading and as this story is written spring is here.

It came with somewhat of a rush when it did come, turning the streets alleys and sidewalks into pools of water in many places and lakes in others. The town crews have been very busy during the past week draining excessive water holes and have done a very capable job of keeping the main street in the best possible condition. This was especially true of the post office corner, although a plank sidewalk has been laid it has had very little use. This has been a large task and problem and the crews have handled the situation very capably.

The sidewalks in the district are not in the best of shape as there was considerable snow laid during the winter months. With the winds of the past few days, not that they were strong, but they were even, it should not take very long to dry the roads not making them passable for every type of vehicle.

All roads in the province are banned to heavy traffic and in this way it is hoped to prevent a major breaking down of the road beds during the next few weeks. The daily bus service between Edmonton and Chauvin has been discontinued while the ban is in force, but it is expected that all traffic will be moving in a matter of three weeks at the most.

There have been no reports of robins or gophers as of yet, but any day now it is expected mother nature's creatures will be making themselves heard and seen upon the open prairie.

Your Breakfast

Must Be Nourishing

What did you have for breakfast this morning? Orange juice and coffee? Maybe just toast and coffee? Perhaps nothing at all. That's a bad habit.

The longest gap between meals is the interval between dinner and breakfast the following morning. A meal usually leaves the stomach in three to 4½ hours after eating, although fatty foods may stay longer. Therefore, the chief source of nutrients which the body has to draw from following this period are the refined and much-digested food materials found circulating in the blood stream. These include minerals, vitamins, and perhaps some tissue-repairing materials. Also there will be small amounts of glucose.

It is important to keep in mind that the human body is a kind of factory which runs on a 24-hour daily schedule, asleep or awake. The body is constantly wearing out and requires proper food to repair the worn out parts.

Therefore, anyone wanting to carry on their morning activities with high efficiency and without calling need-

lessly on body reserves—such as sugar in the liver—will be wise and eat a proper breakfast.

The Health League of Canada advises that you follow Canada's Food Rules in the matter of selecting your daily diet. If you do so, you will eat a breakfast containing fruit or fruit juice or tomato juice, including the pulp of any citrus fruits; whole-grain cooked cereal; bacon or eggs, or both; whole grain bread or toast milk and butter.

If you don't eat the pulp of your citrus fruit you lose some Vitamin C. These are the basic essential foods which furnish the nutrients the body must have to keep all parts in repair and provide enough energy to carry on all body processes. However, occasional changes in menu might be desirable. If so, sausages may be substituted for bacon and eggs; whole wheat muffins may take the place of whole wheat bread, or try waffles or pancakes.

LOW RAIL FARES FOR EASTER VACATION

Special railway fares for the Easter vacation have been announced by Wm. Stapleton, passenger traffic manager, Canadian National Railways. The special fares, which will be good between all stations in Canada, are based on the one way fare and one third for the round trip. Tickets will be on sale from April 3 until 2 p.m., April 7, or if there is no train service on April 3, tickets will be available the day preceding. The return limit will be April 8, or if there is no train service on that date, tickets will be honored on the first available train.

Mothers should remember that it is vital that children establish the habit of eating cooked whole grain cereal with milk at least once a day. Remember—Eat a nourishing breakfast!

World Of Wheat

ANOTHER VALUABLE NEW WHEAT VARIETY

Still another new and valuable variety of wheat for which our prairie farmers in northerly areas have been waiting has been introduced—Saunders wheat.

The prime characteristic of this new variety is its earliness, its ability to escape damage from early frosts. It is almost as early as Garnet. In northern Alberta the yield of Saunders is as high as Thatcher, and higher than Red Bob. It does not yield quite as well as Thatcher, however, in Manitoba and in most parts of Saskatchewan. The milling quality of Saunders is equal to Marquis and it has a better kernel color and husk weight than Thatcher. Saunders has good strength of straw and is resistant to stem rust and loose smut, is moderately resistant to blight, but moderately susceptible to test rust. All in all a most valuable variety for our prairie farmers in northern areas, and so Saunders is expected to replace Red Bob and Garnet in most areas where these varieties are now in use.

This wheat was developed at Ottawa, under the direction of Mr. J. C. Fraser, and under the general supervision of Dr. L. H. Newman, Dominion Cerealist.

As are Redman and Resque wheat, Montclair barley and Garry oats, so is Saunders an outstanding victory for our Dominion plant breeders, and which will add millions of additional dollars to our prairie farmers' yearly income.

Seed of Saunders for general use will be available in about two years. ITEMS OF INTEREST IN THIS

WORLD OF FOODSTUFFS
Argentina and Switzerland recently signed a five year trade agreement under which Argentina will supply Switzerland with approximately 8 million bushels of wheat during the current year, and a minimum of 3 million bushels during the succeeding years.—Unfavorable weather continues over most of Europe, and food supplies in some areas are very low. India's wheat production this year is estimated at 383,000,000 bushels, an increase of 50,000,000 bushels over the crop of last year.—Brewers in the United States, beginning March 1st, may use unlimited quantities of grain, and of grain products other than wheat and rice and their particular products.

AVAILABLE FUNDS GOING FOR RELIEF OF WAR SUFFERERS

Many persons across Canada are under the misapprehension that Canadian Red Cross funds raised during the war are available for peacetime uses. Lewis A. Winter, O.B.E., honorary treasurer of the Society, said today.

"This money cannot be used for a peacetime program in Canada," Mr. Winter declared. "In 1945 and 1946, the Society spent over \$17,000,000 for relief in Britain, Europe and Asia. There is approximately \$6,000,000 remaining from war revenue which must be used for purposes arising out of or connected with the war under the terms of the War Charities Act. Endeavors for these purposes are continuing but the allotments for this year towards further meeting the great distress due to the war have yet to be made.

"We in Canada may be thankful that we are able to continue this great humanitarian work of overseas relief with available funds. Instead of seeking more money for this purpose we are able to go to the Canadian people with plans for the expansion of our peacetime work for the benefit of Canadians.

"Scores of thousands of war sufferers have blessed Canadians and a great many owe their lives to Canadian generosity. We believe scores of thousands of Canadians will have reason to bless the peacetime program of the Red Cross.

"It is for the purpose of carrying

Radiograms

ODDS AND ENDS

This week marked two departures from CICA's staff, and two new arrivals. After spending five years at CICA after his discharge from the Armed Forces, Oil Seabrook left our sales office to become Commercial Manager of CKEC, Regina. Taking his place is John Dean of Toronto. John Mackin, the other new addition to the staff, brings three years of radio experience to CICA to replace John Smith on the announcing staff. Besides Edmonton, John Mackin is well-known to radio audiences in Ontario and the west coast, and in 1941 was winner of Announcers' Audition Contest in Hamilton, Ontario.

Last Saturday's broadcast of Burgess Sportcycle was something special when Russ Sheppard, sports commentator, played host to two notables from the boxing world, Vernon Zocco, Canadian Heavyweight champion, and Gordon Graydon, Western Canadian Heavyweight champion, appeared on the program for an interview and comments on their forthcoming match. The program was an outstanding success from listener and station standpoint.

Another novelty in radio listening is half an hour of musical entertainment Monday through Friday at 3:00 by the Carefree Cavaliers. This lively group, headed by Ameen Ganam and emceed by versatile Ed Bryant, supply unique stylings of latest tunes and songs. Another group led by Ameen Ganam, the "Bons of the West", are heard on the network 9:15 p.m. Wednesdays.

At the time of writing, we are all awaiting Tom Shand's return from Toronto, where he received his Beaver Award.

TRANSFUSION NEED
USUALLY DESPERATE

SAYS DR. STANBURY

"In most instances where blood is needed for transfusion, the need is desperate and immediate," said Dr. W. Stuart Stanbury, M.B.E., Assistant National Commissioner of the Canadian Red Cross Society.

During the war, Dr. Stanbury served as blood transfusion specialist under the British Ministry of Health. Before that he was Director of Laboratories, Mountain Sanatorium, Hamilton, Ont. He has been National Director of the Canadian Red Cross Blood Transfusion Service since his release from wartime duty. This service has been set up to establish across Canada a great peacetime blood supply service to end the needless loss of lives due to lack of adequate facilities and supplies.

"There is great room for the application in Canada of the advances made in blood transfusion therapy during the war," said Dr. Stanbury. "In fact, the provisions for the application of this therapy are far behind peacetime needs.

"A broad program of intensive medical and technical education and extension of facilities is required if we are to take advantage of the enormous benefits of transfusion," he said. "Existing facilities, especially in hospitals outside the larger city areas, are inadequate to meet the demands for this life-saving and life-giving service.

"The plan of the Canadian Red Cross is now operative in British Columbia and it is to be extended to other parts of Canada as soon as quarters, equipment and skilled personnel are available. Through it, transfusion equipment and blood will be supplied free to all hospitals in Canada.

"The only practical way to meet the situation is with a large scale project such as our Red Cross proposes. It is a complex undertaking. Methods must be standardized and equipment maintained by highly competent personnel. Blood transfusion improperly carried out is potentially dangerous and even fatal to the patient."

For the extension and maintenance of this service, \$1,007,000 is budgeted of the \$5,000,000 sought in the present Red Cross national appeal for funds.

CANADA'S
Health

10% CANCER FUNDS FOR RESEARCH

A proposal of Dr. W. H. McCuffin that 10% of the total funds collected by the Alberta Branch of the Canadian Cancer Society be set aside for Research, said funds to be administered under direction of the recently formed National Cancer Institute, was agreed to by the Board of Directors of the Society. Their decision was announced following the Annual Meeting of the Branch, held in Calgary, Wednesday, February 13th.

A \$65,000.00 objective was set for Alberta in the annual campaign for funds to be held by the Society in April. The drive will take the form of a membership and educational campaign, and proceeds will go to support the Society's program of Education, Service and Research.

Alexander Calhoun was re-elected President of the Branch for his fourth term.

Other officials include: Dr. W. W. Cross, Minister of Health for Alberta; Honorary President, Mr. Calhoun; President, Ronald Martland, K.C. Edmonton; Vice-President, W. E. Lehman, Calgary; Treasurer, George Pettigrew, Calgary; Secretary, Dr. W. H. McCuffin, Calgary; Chairman of the Medical Advisory Board; S. J. Heiman, K.C. Calgary; Honorary Solicitor, W. H. Nield, C.A. Calgary; Honorary Auditor.

Members at large are Walter Geddes, Calgary; A. W. Shackledore, Lethbridge; Mrs. A. R. T. Anderson, Drumheller; Mrs. Thomas Bishop, Calgary; D. S. Hawthorne, Medicine Hat; and C. R. Dickey, Calgary.
